Summerhaven Wind Energy Centre

1

Project Description Summary (This summary should reflect the description in the documents upon which consultation has been completed and if it does not, the difference should be highlighted) Summerhaven Wind, LP., is a direct or indirect wholly owned subsidiary of NextEra Energy Canada, ULC. The Project consists of the site preparation, construction, operation and decommissioning of an up to 58 wind turbine generating facility with a total installed nameplate capacity of up to 128.8 MW. Thirty two of the turbines will be SWT-2.221-101 wind turbine generators (WTG) and twenty six will be SWT-2.221-93 WTGs.

The Project will be owned and operated by Summerhaven Wind, LP and will be located in the vicinity of Nanticoke, Haldimand County, Ontario. Subject to possible retrofitting, the Project lifespan from obtaining the REA Approval to the end of Decommissioning is estimated to be 27 years. The Construction Phase of the Project commenced in October 2012 and will last for approximately 8 months.

*Please note: the release of information contained in application forms and documentation submitted in support of applications for approval is subject to the provisions of the *Freedom of Information and Protection of Privacy Act*. This Act defines what may and may not be disclosed to the public, and is used to assess all requests for information contained in the documents on file with an application for approval. The Information submitted with an application for approval may also be subject to the *Environmental Bill of Rights*. In those situations, the application and the associated non-confidential supporting documentation is made available for review by members of the public. The applicants should therefore identify all documents or portions of documents as noted above which are to be considered confidential and must provide detailed evidence in support of this claim. This evidence will be one of the factors the ministry would consider when making a decision regarding disclosure of specific documents on file.
